Drawing the Line: Sexual Harassment on Campus by Catherine Hill and Elena Silva, published by AAUW (2005), describes the findings from a nationally representative survey of undergraduate college students conducted in spring 2005. This report contributes to our understanding of how college students perceive, experience, and respond to sexual harassment and provides useful information for creating a campus climate that is free from bias and harassment. The report will be available for purchase at the event.

AAUW's Legal Advocacy Fund provides funding and a support system for individuals seeking judicial redress for sex discrimination.
